

ACA® Plus®

Enhance Root Growth and Plant Vigor

- ❖ **Optimal Conditions:** Increases plant vigor to maximize yield potential.
- ❖ **Low Fertility:** Greater root mass provides access to more nutrients.
- ❖ **Moisture Stress:** Deeper, more fibrous roots compensate for stress from water shortage.
- ❖ **Compacted Soil:** Root proliferation provides more uptake of water and nutrients.

Directions for Use:

ACA®Plus® may be used with water based applications, Liquid Fertilizer, or In-Furrow Injection.
