

# SOFTCEDE® PLUS

## DRIFT RETARDANT & WATER CONDITIONING AGENT

### PRINCIPAL FUNCTIONING AGENTS

Proprietary blend of drift reduction polymers,  
Ammoniated ions, water conditioning agents and antifoam.....100%  
All ingredients are approved for use under CFR 40, 180.1001 (c)

### CAUTION: KEEP OUT OF REACH OF CHILDREN

### PRECAUTIONARY STATEMENTS:

Before using this product, read the entire label, including the conditions of sale. When mixing, wear appropriate personal protective equipment including splash goggles or face shield, impervious gloves and a neoprene apron. May cause mild irritation to skin and eyes. Ingestion of large amounts of product may cause mucosal irritation, dizziness, nausea and possible vomiting.

### STATEMENT OF PRACTICAL TREATMENT

**If Swallowed:** Do Not Induce Vomiting. Call a physician immediately.  
**If Inhaled:** Remove victim to fresh air. If cough or other respiratory symptoms develop, seek medical attention.  
**If in Eyes:** Immediately flush with plenty of water for at least 15 minutes. Have eyes examined and treated by medical personnel.  
**If on Skin:** Wash skin contact area with plenty of soap and water. Seek medical attention if irritation persists. Wash contaminated clothing and decontaminates footwear prior to reuse.

### GENERAL INFORMATION

SOFTCEDE PLUS is a convenient, low-use-rate, activator adjuvant premix that combines water conditioning agents, drift retardants and ammonium ions in an easy-to-use formulation. SOFTCEDE PLUS sequesters antagonistic hard water ions, provides additional ammonium ions for improved herbicide uptake and reduces drift risk to ensure optimum performance of glyphosate-based herbicides.

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NONCROPLAND, RIGHTS-OF-WAY AND OTHER APPROPRIATE USES.

### DIRECTIONS FOR USE

Always mix and apply this product in accordance with the instructions found on the pesticide label regarding adjuvants. In the absence of specific instructions follow the application and mixing guidelines below.

### APPLICATION RATES

Using the guidelines below, apply SOFTCEDE PLUS at 1-4 quarts per 100 gallons or 1-4 liters per 400 liters of spray solution (0.25% – 1.0% v/v).

NOTE: **Use the higher use rates** when any of the following conditions exist:

- Nitrogen responsive weed species, such as velvetleaf, are present or weeds are under weather stress conditions.
- Additional drift control is desired due to weather conditions, nozzle selection or application technique.

**Use the lower use rates** when visual inspection indicates excessive reduction in the appropriate overlap of the spray pattern.

### MIXING INSTRUCTIONS

In the absence of specific mixing instructions found on the pesticide label, fill the spray tank 3/4 full of desired water volume. While the water is agitating, add tank mix ingredients in the following order; 1) SOFTCEDE PLUS, 2) Additional ammonium sulfate if required by herbicide label, 3) Water-soluble packets, dry flowables and dispersible granule pesticides, 4) Flowable pesticides, 5) Water-soluble pesticides, 6) Emulsifiable concentrate pesticides, 7) Finish filling spray tank to desired level and continue agitation.

### STORAGE AND DISPOSAL

Do not use, spill or store near heat or open flame. Keep container closed tightly when not in use. Prevent water from being introduced to the contents of this container. Do not reuse empty container. Rinse container thoroughly, disposing of rinsate and the container in accordance with federal, state and local regulations.

### CONDITIONS OF SALE

Read the information contained herein before buying or using this product. If the stated terms are unacceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Supercede LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated hereon and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the Company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product shall be the purchase price paid by the user or buyer for the product involved.
