

Vaporize flying and crawling insects with no odor, no mess.

**Eliminates pests for just a few cents a day for up to four months
with vapor action that's non-detectable by humans and pests.**

Easily eliminate flying and crawling pests around the house and farm — even hard to reach areas where bugs live and breed. Powered by DDVP, the same active ingredient used by pest control professionals, AMVAC INSECT SHIELD™ delivers continuous control with slow-release vapor. There's no odor, no mess — and most important, no bugs. Simply remove from foil package and hang or place in designated area. INSECT SHIELD will not harm children or adults, pets or animals when used according to directions.

< Available in 16 g (treats 100 to 200 cu. ft.)
and 65 g MAX (treats 900 to 1,200 cu. ft.). >

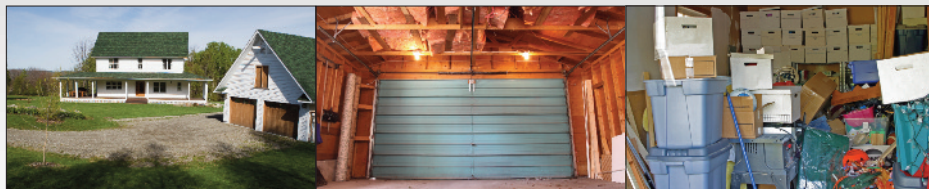

Proudly produced in the U.S.A. by AMVAC
